Lucas West

Oklahoma City, OK • 405-845-1139 • Lucas.west04@gmail.com • LinkedIn • Portfolio

PROFESSIONAL EXPERIENCE

Oklahoma Turnpike Authority – Data Analyst (Remote)
2025 – Present

- Design and optimize SQL queries across large operational databases to support billing analytics and operational workflow monitoring.
- Reconcile cross-system discrepancies and resolve workflow exceptions to improve reporting accuracy.
- Enhance query performance on multi-million-row datasets, strengthening system efficiency and data integrity.

Devon Energy – Tax Technologist Intern
March 2025 – August 2025

- Designed automated PDF-to-dataset ETL workflows using Python and AI agents, transforming unstructured tax documents into structured data.
- Developed and maintained Power BI dashboards for quarterly and annual tax reporting while supporting SQL Server job monitoring and data validation.
- Built workflow automations using PowerShell and Alteryx to reduce manual effort and improve reporting consistency and reliability.

University of Oklahoma – Graduate Teaching Assistant
August 2025 – December 2025

- Supported instruction in Data Management for Business Intelligence, mentoring students in SQL, ETL design, and data visualization using Excel, Tableau, and Power BI.

DATA & ANALYTICS PROJECTS

Casino Patron Trend Analysis – Python, SQL, Power BI, Tableau

- Analyzed multi-year patron transaction data to identify behavioral and revenue trends; developed dashboards using DAX and SQL-calculated fields and presented actionable insights to stakeholders.

NBA Team Performance Modeling – Python, R, Tableau

- Built a predictive scoring model using 8 years of historical NBA data; correctly predicted 10 of 16 playoff teams and the eventual champion.

Revenue Outlier Detection Analysis – R, SQL

- Designed statistical analysis to detect revenue anomalies across large store-level datasets.

EDUCATION

University of Oklahoma – Norman, OK
Master of Science in Management Information Technology (Data Science & Analytics Focus), GPA: 3.79
Bachelor of Business Administration in Management Information Systems, Minor: Economics

SKILLS

SQL (SQL Server) • Python • R • Power BI • Tableau • Excel • DAX • Alteryx • PowerShell • ETL Development • Workflow Automation • Data Validation • Query Optimization
